

Making the Old Look New

Repair, Restoration and Preservation of
Architectural Hard Surfaces

HISTORIC RENOVATIONS

Combining superior craftsmanship with modern technology, RETROPROS takes great pride in our quality and attention to detail when it comes to Historical Renovation. With tremendous respect for the original designers and tradesmen, we understand the challenges associated with these types of projects and offer efficient & cost-effective solutions to help achieve your construction goals while maintaining standards as required by federal agencies. Our award-winning service has helped maintain the structural, aesthetic and environmental integrity of many Kansas City Area buildings listed on the Historical Register.

CONTEMPORARY SOLUTIONS

Perception is reality and appearance strongly affects the opinions of guests, customers, tenants, patients and employees who visit, inhabit or work in your commercial facilities. RETROPROS is here to help by providing sustainable solutions designed to restore a fresh clean appearance to all architectural hard surfaces throughout your professional buildings. Each project is carefully evaluated to insure we meet your safety, aesthetic, budget and scheduling objectives. Areas such as lobbies, restrooms and elevator cabs can look brand new again.

We provide a variety of specialized services that include replication, repair, restorative cleaning, reinstallation, refinishing, polishing, sealing and periodic maintenance of *existing* hard surfaces.
